Summary of change

Standard B: Programme management and resources

Programme leader change

The following documents were provided as part of the submission:

- Major change notification form (completed by the HCPC executive)
- Context pack
- Major change standards for prescribing for education providers mapping document (completed by education provider)
- Curriculum vitae for new programme leader

Section three: Additional documentation

- The visitors agreed that no further documentation was required in order to make a recommendation.
- The visitors agreed that additional documentation was required in order to make a recommendation. The standards for prescribing for which additional documentation was requested, are listed below with reasons for the request.

Section four: Recommendation of the visitors

To recommend a programme for ongoing approval, the visitors must be assured that the programme meets all of the standards for prescribing for education providers and that those who complete the programme have demonstrated an ability to meet our standards for prescribing for all prescribers.

The visitors agreed to recommend to the Education and Training Committee that:

- There is sufficient evidence to show the programme continues to meet the standards for prescribing for education providers and that those who complete the programme will continue to demonstrate an ability to meet the standards for prescribing for all prescribers.
- There is insufficient evidence to determine if or how the programme continues to meet the standards for prescribing for education providers listed. Therefore, a visit is recommended to gather more evidence and if required place conditions on ongoing approval of the programme.
