MINUTES of the seventh meeting of the Approvals Panel held on **Tuesday 11 July 2006** at Park House, 184 Kennington Park Road, London, SE11 4BU.

PRESENT: Ms H Davis (Chairman)
 Professor T Hazell
 Mrs A Turner

IN ATTENDANCE:

Ms N Borg, Education Officer
 Ms A Creighton, Education Manager
 Ms N O'Sullivan, Acting Secretary to the Panel

Item 1.06/57 APPOINTMENT OF PANEL CHAIRMAN

1.1 The Panel agreed that Ms Davis should act as Chairman for the meeting.

Item 2.06/58 APPROVAL OF AGENDA

2.1 The Panel approved the agenda.

Item 3.06/59 MINUTES OF THE APPROVALS PANEL HELD ON 13 JUNE 2006

3.1 It was agreed that the minutes of the sixth meeting of the Approvals Panel should be confirmed as a true record and signed by the Chairman.

Item 4.06/60 MATTERS ARISING

4.1 The Panel received a paper to note from the Executive.

4.2 The Panel noted that the action points arising from the sixth meeting of the Panel had been dealt with.

Item 5.06/61 VISITORS' REPORTS

5.1 The Panel received a paper for discussion/approval from the Executive.

5.2 The Panel agreed to accept the Visitors' Reports for the following programmes, including the conditions recommended by the HPC Visitors:

Education Provider	Programme Name	Delivery mode
Edge Hill University	Certificate in Non-medical Prescribing	Part-time
University of Hertfordshire	BSc (Hons) Dietetics	Full-time
University of Lincoln	BSc (Hons) Applied Biomedical Sciences	Full-time
Oxford Brookes University	Allied Health Professions Supplementary Prescribing (Level 3) (U00000) Allied Health Professions Supplementary Prescribing (Postgraduate Level) (P00000)	Part-time
Southampton University	BSc (Hons) Occupational Therapy	Part-time
Southampton University	BSc (Hons) Physiotherapy	Part-time
University of Sunderland	BSc (Hons) Biomedical Sciences	Full-time

- 5.3 The Panel noted that particular attention should be paid to Standard of Education and Training 5 with respect to review of the programme approval of the BSc (Hons) Biomedical Sciences programme at the University of Sunderland.

Item 6.06/62 VISITORS' REPORT AND REPRESENTATIONS

- 6.1 The Panel received a paper for discussion/approval from the Executive.
- 6.2 The Panel noted that the MA Music Therapy programme at the Royal Welsh College of Music and Drama had been visited on 25-26 April. The Panel noted that the education provider had made representations about a condition in the Visitors' Report, which required that the medical studies component of module 1 should include teaching from a range of staff with relevant specialist expertise and knowledge in core health disciplines. The reason given for the condition was that the module was currently taught from a single discipline perspective and additional input was required to ensure that subject areas relating to human health, development, disability, mental health, normal and abnormal psychology, acquired and organic disorders, etc were taught by staff with a range of specialist knowledge and expertise.

- 6.3 The Panel noted that the education provider had explained that the module was designed to cover the study of medical conditions with which music therapy students would ultimately work. It was structured to cover the basic medical information the students might need in order to work safely and effectively with their client group. By having a same member of staff to deliver this module, it provided continuity and also a basis upon which fair assessment could be made.
- 6.4 The Panel noted that the education provider had explained the member of staff who taught medical studies was, by profession, an occupational therapist. The Panel noted the details of the member of staff's educational and health and social care experience. The education provider had stated that the subject areas suggested by the Visitors' Report were already taught.
- 6.5 The Panel received a copy of the information available to the Visitors on the visit (i.e. a Curriculum Vitae of the member of staff concerned and the module descriptor of the module concerned). The Panel felt that, given the information available to the Visitors at the time of the visit, they were right to recommend the condition against Standard of Education and Training 3.5. The Panel agreed to accept the report with the conditions. However, the Panel felt that the response from the education provider would be sufficient to meet the condition. The Panel agreed to encourage the Visitors to accept the representation as an adequate response to the condition and the reason given for it. The Panel noted that the Visitors would make a final recommendation on programme approval to a future Panel meeting and hoped that no further information would be required to meet the condition.

Action: AC (by 3 August 2006)

Item 7.06/63 PROGRAMME APPROVAL

- 7.1 The Panel received a paper for discussion/approval from the Executive.
- 7.2 The Panel agreed that the following programmes should be approved, as the Visitors were satisfied that the conditions had been met and the programmes therefore met the Standards of Education and Training:

Education Provider	Programme Name	Delivery mode
Anglia Ruskin University	Supplementary Prescribing	Part-time
University of East Anglia	Diploma Higher Education in Paramedic Science	Full-time
Edge Hill University	Certificate in Non-medical Prescribing	Part-time
University of Essex	Supplementary Prescribing for Allied Health Professional	Part-time

University of Lincoln	BSc (Hons) Applied Biomedical Sciences	Full-time
Queen Margaret University College, Edinburgh	Postgraduate Diploma Radiotherapy & Oncology MSc Radiotherapy & Oncology	Full-time
Sheffield Hallam University	Supplementary Prescribing	Part-time
University of Southampton	BSc (Hons) Occupational Therapy	Part-time
University of Southampton	BSc (Hons) Physiotherapy	Part-time

Action: AC (by 3 August 2006)

Item 8.06/64 UNIVERSITY OF ESSEX - MSc SPEECH AND LANGUAGE THERAPY PROGRAMME APPROVAL

- 8.1 The Panel received a paper for discussion/approval from the Executive.
- 8.2 The Panel noted that the HPC had first visited the MSc Speech and Language Therapy programme at the University of Essex on 13-14 June 2005. The HPC had set a number of conditions at the visit. The education provider had made a response to the Visitors' report. The response and report were considered at the meeting of the Approvals Committee on 9 September 2005, which made minor amendments to the report.
- 8.3 The Panel noted that, in the process of meeting the conditions set out in the original report, the education provider had made what the Visitors considered to be major changes to the curriculum. This resulted in several of the original conditions being superseded and new issues being raised. The Visitors had recommended that a further Visit, on specific Standards of Education and Training, would be required to investigate the new curriculum and its impact on the programme.
- 8.4 The Panel noted that the follow-up Visit, which had involved the original Visitors, had taken place on 21 April. A new Visitors' report on the follow-up Visit had been prepared. The education provider had been given 28 days to respond to the report and had submitted documentation which had satisfied the Visitors that all conditions had been met.
- 8.5 The Panel agreed to accept the Visitors' Report for the visit undertaken on 21 April and agreed that the following programme should be approved as meeting the Standards of Education and Training:

Education Provider	Programme Name	Delivery mode
University of Essex	MSc Speech and Language Therapy	Full-time

Action: AC (by 3 August 2006)

Item 9.06/65 MAJOR/MINOR CHANGES: 1

- 9.1 The Panel received a paper for discussion/approval from the Executive.
- 9.2 The Panel noted that the paper summarised changes to approved programmes, which had been considered by the Executive and/or Visitors, in line with the major and minor changes process. The Panel noted that the Executive and/or Visitors were satisfied that the changes were minor and that the programmes continued to meet the Standards of Education and Training.
- 9.3 The Panel agreed that the following programmes had undergone minor change and that the programmes continued to meet the Standards of Education and Training:

Education Provider	Programme Name	Summary of Changes
University of Hertfordshire	BSc (Hons) Radiotherapy & Oncology	Change of assessment methods in one module
University of Hertfordshire	BSc (Hons) Diagnostic Radiography and Imaging	Change of assessment methods in one module
University of Strathclyde	BSc (Hons) Prosthetics and Orthotics	Introduction of two new modules
Queen Margaret University College, Edinburgh	BSc (Hons) Physiotherapy	Change of assessment methods in four modules

Action: AC (by 3 August 2006)

Item 10.06/66 MAJOR/MINOR CHANGES: 2

- 10.1 The Panel received a paper for discussion/approval from the Executive.

- 10.2 The Panel noted that the paper summarised changes to approved programmes, which had been considered by the Executive and/or Visitors, in line with the major and minor changes process. The Panel noted that the Executive and/or Visitors were satisfied that, although the changes were major, the programmes continued to meet the Standards of Education and Training and there was no requirement for an Approvals Visit.
- 10.3 The Panel agreed that the following programmes had undergone major change and that they continued to meet the Standards of Education and Training:

Education Provider	Programme Name	Summary of Changes
Central School of Speech and Drama	MA Drama and Movement Therapy	Change of awarding body
Canterbury Christ Church University	BSc (Hons) Medical Prescribing	Change of award title
Anglia Ruskin University (Delivered at Colchester Institute)	BSc (Hons) Physiotherapy	Change of awarding body, realignment of credit values under new awarding body and introduction of one new module

Item 11.06/67 HPC ANNUAL MONITORING AUDITS FOR APPROVAL

- 11.1 The Panel received a paper for discussion/approval from the Executive.
- 11.2 The Panel noted that the HPC Annual Monitoring cycle took place annually and involved two types of monitoring submissions over a two year period. The Executive had divided education providers into two groups. In 2006, all programmes in Group B had to complete the audit form and submit it with their internal quality reports and external examiners' reports from the last two academic years.
- 11.3 The Panel noted that five assessment days had been held in May and June to consider the submissions from programmes. As a result of the assessment days, Visitors had recommended that a number of programmes continued to meet the Standards of Education and Training.
- 11.4 The Panel agreed that the programmes listed below continued to meet the Standards of Education and Training:

Item 12.06/68 HPC ANNUAL MONITORING AUDITS FOR APPROVAL: 2

- 12.1 The Panel received a paper for discussion/approval from the Executive.
- 12.2 The Panel noted that, at the Annual Monitoring assessment days in May and June, the Visitors had recommended that several programmes had undergone a major change and an Approvals Visit should take place.

- 12.3 The Panel agreed to accept the Visitors' recommendations and agreed that the programmes listed below should be visited by the HPC in the next academic year:

Education Provider	Programme Title
Anglia Ruskin University	Diploma Higher Education in Operating Department Practice
Edge Hill University	Diploma Higher Education in Operating Department Practice
University of Plymouth	Diploma Higher Education in Operating Department Practice

Action: NB (Ongoing)

Item 13.06/69 HPC ANNUAL MONITORING DECLARATIONS

- 13.1 The Panel received a paper for discussion/approval from the Executive.
- 13.2 The Panel noted that, at the Approvals Panel on 17 May, a list of programmes had been approved as having submitted a signed declaration form and continued to meet the Standards of Education and Training. Unfortunately, due to administrative and technical errors, some programmes should not have been included on the list of programmes, as they were either undergoing approval or not eligible for annual monitoring in 2005-6.
- 13.3 The Panel agreed to retract the decision made at the Approvals Panel on 17 May and to reverse the approval of the following programmes:

Education Providers	Programme
Bournemouth University (Delivered at University Centre Yeovil)	BSc (Hons) Physiotherapy
Bournemouth University	Dip HE ODP
