Name of Council Member	Annie Turner
Title of Conference/Meeting	Council of the College of Occupational Therapists
Date of Conference	19th June 2007
Approximate number of people at the conference/meeting	24
Issues of Relevance to HPC My role at this meeting is to update the Council on any issues relevant to COT. My tabled report focused on the reporting of the discussion on registrants' fees, a summary of points on the White paper, Fitness to Practice figures and reports on the SoPs and SETs PLGs. While I am writing this report prior to the meeting in view of my planned absence at the COT conference this week, I anticipate that there will be questions related to the compilation of the new HPC and issues of communication between the two organisations under the new Council structure.	
Key Decisions Taken Council are due to make a decision about the future role of COT in relation to programme validation.
