

Operations Directorate Management Information Pack

Greg Ross-Sampson, Director of Operations
May 2015

1. Executive Summary

1.1 Registration

1.1.1 UK Telephone Calls

The team received a total of 14,092 telephone calls which is 2,415 less calls when compared to the same period two years ago and represents a 14.6% decrease in call volumes.

1.1.2 UK Applications

The team registered 1,607 UK applications which is 90 more when compared to the same period last year and represents a 5.9% increase.

1.1.3 International Applications

A total of 4,608 new international applications have been received this financial year, which exceeds the forecasted end of year figure of 2,044, indicated in the “Registrant numbers forecast 2014 – 19, June 2014”.

1.1.4 UK Emails

The team responded to 141 emails per day which is 86 less when compared to the same period two years ago and represents a 37.9% decrease in UK email volumes.

1.1.5 Registration Renewals

The renewal window opened for practitioner psychologists on the 1 March 2015 and the team renewed the registration of 44.4% of the profession by the 31 March 2015. This compares favourably with 2013 when 38.6% of practitioner psychologists had renewed their registration in the same period.

1.3 Business Process Improvement

1.3.1 Audits & Processes

Our external ISO 9001 auditor, BSI, will be on site for two days in April.

1.3.2 ISO27001 & Business Continuity

System developments continue at an IS policy level. The Pre-Certification audit and BSI Stage 1 audits have been completed.

2.1. Operational performance 1 February 2015 to 31 March 2015

a) Telephone calls

The Registration Department aims to answer 95% of all telephone calls.

i) UK telephone calls – During the period from 1 February 2015 to 31 March 2015 the team received a total of 14,092 telephone calls which is 2,415 less calls when compared to the same period two years ago and represents a 14.6% decrease in call volumes. The team answered 98% of calls received compared to 95.5% during the same period two years ago.

ii) International telephone calls – During the period from 1 February 2015 to 31 March 2015 the team received a total of 1,331 telephone calls which is 26 less than the same period last year and represents a 1.9% decrease in call volumes. The team answered 98.5% of calls received compared to 96.5% during the same period last year.

b) Application processing

i) UK applications

*The Registration Department aims to respond to all UK application requests within ten working days of receipt. We aim to process all **complete** UK applications within ten working days of receipt, or inform the applicant within ten working days if their application is **incomplete**.*

A total of 1,714 new applications were received which is 184 more when compared to the same period last year and represents a 12% increase in UK application volumes. The team registered 1,607 UK applications which is 90 more when compared to the same period last year and represents a 5.9% increase.

Due to staff training, sickness absence and vacant positions, 3 applications were processed outside of ten working days on 12 March 2015. The team processed all other UK applications within ten working days. A total of 17,165 new UK applications have been received this financial year, which exceeds the forecasted end of year figure of 16,380, indicated in the “Registrant numbers forecast 2014 - 19, June 2014”.

ii) Readmission applications

*The Registration Department aims to process all **complete** readmission applications within ten working days.*

The team processed all readmission applications within ten working days.

iii) International applications

The Registration Department aims to verify completeness of all International applications and acknowledge receiving the application within five working days of receipt.

*The Registration Department aims to process **complete** applications within 60 working days of receipt.*

A total of 866 new applications were received which is 117 more when compared to the same period last year and represents a 15.6% increase in international application volumes. The team registered 488 applications which is 93 more when compared to the same period last year and represents a 23.5% increase.

A total of 4,608 new international applications have been received this financial year, which exceeds the forecasted end of year figure of 2,044, indicated in the "Registrant numbers forecast 2014 – 19, June 2014".

The team acknowledged receipt of applications within two working days on average during this period for both Non EEA and EEA applications. The team are currently processing Non EEA applications within 30 working days of receipt and EEA applications within 29 working days of receipt.

c) Emails

The Registration Department aims to respond to 80% of all emails within one working day and all emails responded to within two working days.

i) UK emails - The team responded to 141 emails per day which is 86 less when compared to the same period two years ago and represents a 37.9% decrease in UK email volumes.

Due to staff training, sickness absence and vacant positions the team responded to 68.4% of these emails within one working day and 96.7% within two working days.

ii) International emails – The team responded to 33 emails per day which is 17 more when compared to the same period last year and represents a 106% increase in international email volumes.

The team responded to 99.3% of these emails within one working day.

d) Continuing Professional Development (CPD) audit

The Registration Department aims to acknowledge receiving the CPD profile application within five working days of receipt.

*The Registration Department aims to process a **complete** CPD profile within 60 working days of acknowledgement.*

A total of 100 CPD profiles were received during this period which were acknowledged within five days and all complete CPD profiles were processed within 60 working days of acknowledgement.

Two CPD assessment days was held during this period.

e) Registration renewals

The Registration Department aims to renew the registration of a Registrant with active direct debit set up, within ten minutes of the Registrant completing their renewal online account.

*The Registration Department aims to process a **complete** paper renewal form within ten working days of receipt.*

At the start of February 2015 there were no professions in renewal.

At the start of March 2015, practitioner psychologists were invited to renew their registration. By the end of March 2015, 9,319 practitioner psychologists had renewed their registration representing 44.4% of the profession, with 99.5% renewing their registration online. This compares favourably with the end of March 2013 when 38.6% of practitioner psychologists had renewed their registration.

All complete paper renewal forms have been processed within ten working days of receipt.

f) Postal correspondence

The Registration Department aims to process postal correspondence within ten working days.

The team processed postal correspondence within five working days of receipt, on average.

2.2. Resource**a) Employees**

Due to promotions and leavers in the department, we had seven full time employee Registration Advisor vacancies and one Apprentice Registration Advisor vacancy during this period. We have successfully recruited six Registration Advisors and are currently training these new employees on processes where we need this additional resource. We currently still have a further three vacancies.

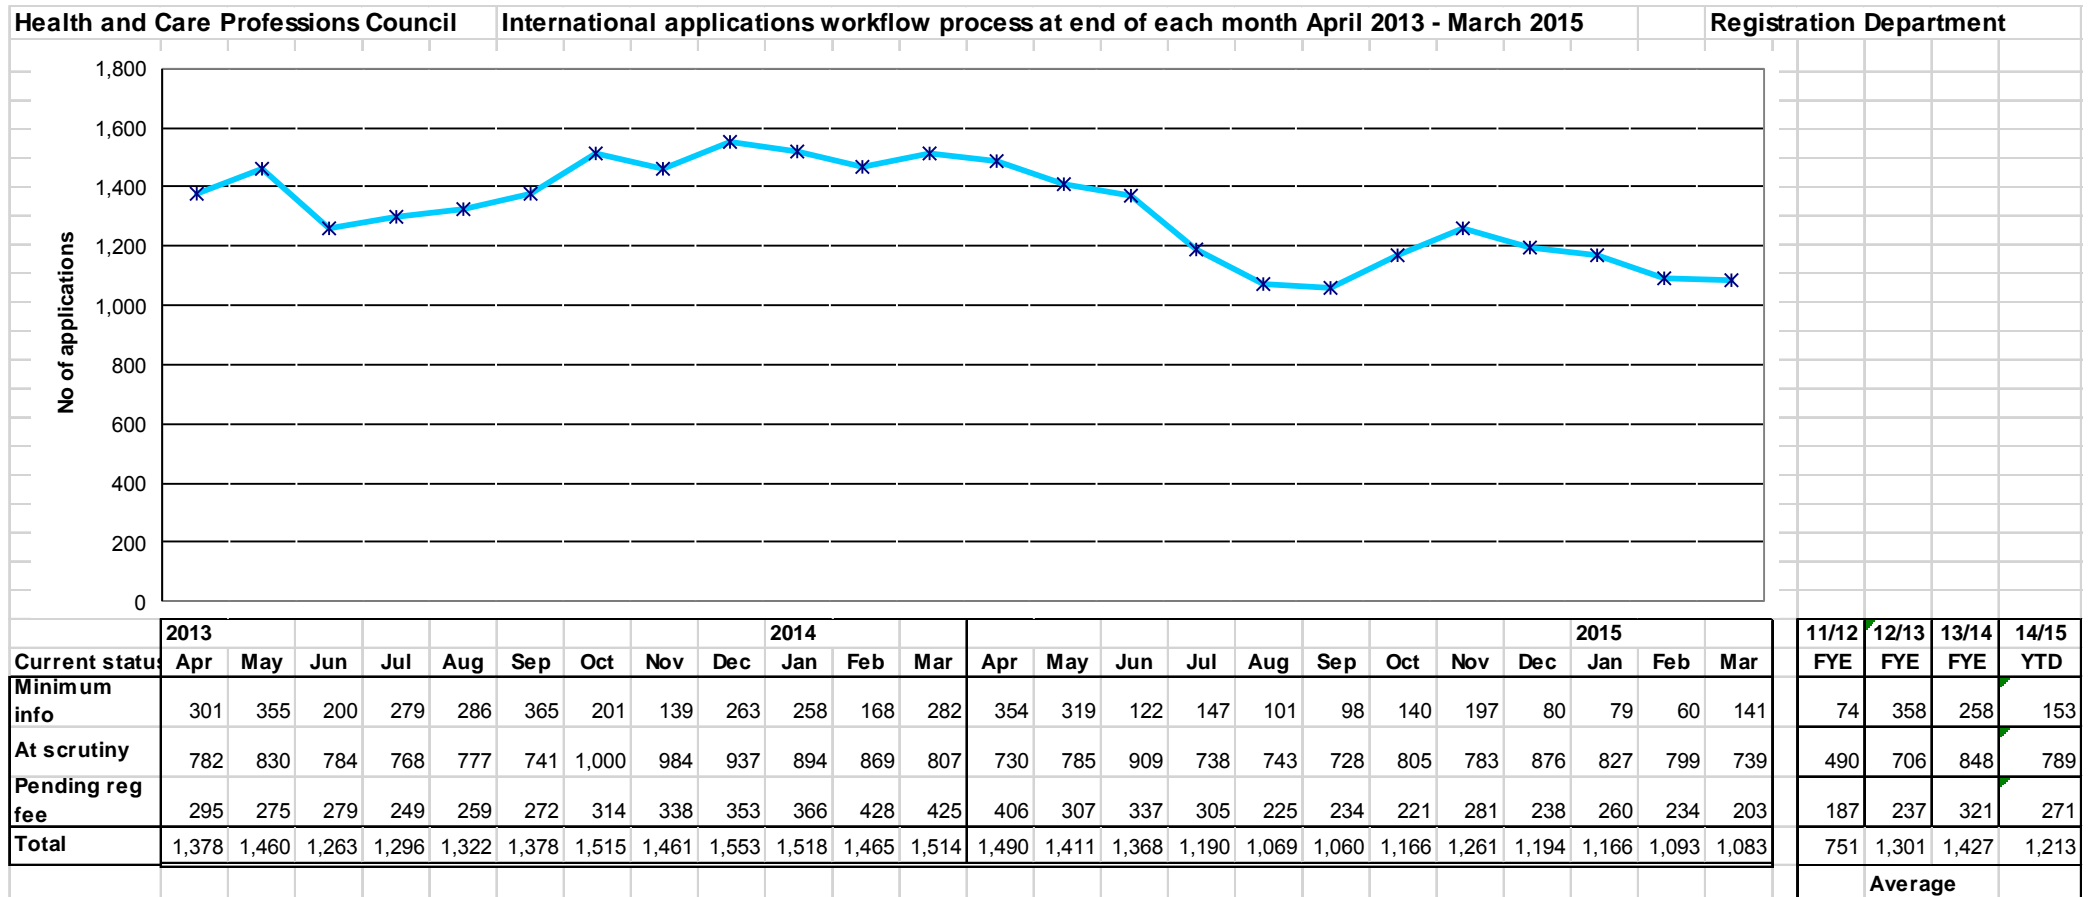

2.3 Registration Management Statistics

Health and Care Professions Council **Number of Registrants by Profession April 2013 - March 2015** **Registration Department**

Uninitiated projects included in the Project management workplan 2015/16

Project name	Comments
FTP changes	Due to commence initiation in May 2014 – initiation has been delayed due to a dependency on other development work on the FTP system
Professional Qualifications Directive	A project has been approved to go into initiation to determine how the HCPC remains compliant with the changing European Directive
Telephone Credit Card Automation and hosting change	A project to change our telephone credit card processing systems to remain within technology support
Registrations system build	Implementing any recommendations from the Registrations process and systems review project
PCI Security Standards compliance	A project to identify, assess and remedy any PCI DSS weaknesses
405 Kennington Road Fit out	A project to manage the fit out of the new HCPC premises at 405 Kennington Road

4. Business Process Improvement Commentary

4.1 Quality Management System Changes and Audits

ISO 9001:2008 Quality Management System is under review, and the proposed ISO 9001:2015 Quality Management Standard is due for release in Autumn 2015. Audit by HCPC’s external quality standards auditor, will take place in April 2015 was completed. The ISO9001 audit schedule has been updated to reflect increased audit time by BSI. Communications, FTP, and some Registrations processes have been updated.

The ISO27001 audit schedule has been added to the 9001 schedule to make one document. At some time in the future, BSI may audit us for ISO9001 and ISO27001 simultaneously.

Building

Individual audit dates may be moved to accommodate issues outside the Quality department by arrangement.
 Items in Light Blue are planned internal audits. Items in Dark Blue are BSI external audits
 Items in red refer to Near Miss Reports which are unplanned by their very nature.
 Items in yellow refer to work on the QMS processes where changes are planned at department level.

The **ISO 9000** group of quality management system standards is designed to help organisations ensure that they meet the needs of customers and stakeholders whilst satisfying statutory and regulatory requirements related to the product or service provided.

Third-party certification by external auditors (British Standards Institute in our case) provides independent confirmation that HCPC meet the requirements of ISO 9001.

A programme of internal and external audits based around departmental function, across functions, or on a risk based approach is carried out on a rolling basis to maintain quality of service and incremental improvements over time following a Plan – Do –Check – Act cycle.

4.2 Near Miss Reporting

REPORT NUMBER	TARGET DRAFT TO SPONSOR	TARGET DATE TO FINALISE WRITE UP	TARGET DATE TO EMT
NMR50 An un-redacted bundle was despatched on multiple occasions to parties not entitled to such information.	April 2015	Mid April 2015	April 28 2015
NMR51 A registrant’s contact details were updated in error, after concerns were raised by an apparent US service user.	April 2015	Mid April 2015	April 28 2015
NMR52 A window panel fell from second floor, 186 KPR in windy weather.	Late April 2015	Mid May 2015	May 2015

4.3 Audits & updated processes

The latest external ISO 9001 quality management system audit by BSI will commence in April, using 4 days per year (an increase from 2 days per year). More detail on the latest audit, and the logic behind the increase in audit days will be presented to the Audit Committee. ISO9001 Audits will be on the 29th & 30th April 2015 unless unexpectedly postponed.

It is hoped that future ISO27001 information security audits will be incorporated with the ISO9001 external audit work to avoid overlap and excessive external audit requirements.

BSI continue to work on the migration of our existing QMS to the BSI Entropy platform. All processes and supporting documents have been supplied electronically, and the developer and consultant are testing the new platform with our content. The current

Quality Management System had been frozen for a short time to allow the migration to be tested. Unfortunately we have had to update processes in the meantime to comply with our external and internal process changes.

4.4 Corporate Risk Register Maintenance

Register iteration	Draft circulated to EMT	Collecting updates	EMT sign off	Published to Audit Committee
2015 January	Circulated	Completed	Completed	Completed
2015 September	July 2015	Not yet commenced	Not yet commenced	Not yet commenced
2016 January	Dec 2015	Not yet commenced	Not yet commenced	Not yet commenced
2016 September	July 2015	Not yet commenced	Not yet commenced	Not yet commenced

The Risk Register has been slightly extended to function as the Risk Treatment Plan for ISO27001.

4.5 Registrant Number Forecasting

Forecast iteration	Draft circulated	Collecting updates	EMT sign off	Published to Council
2014 Sept, Brought forward July 2014	Completed	Completed	Completed	Completed
2015 June, brought forward to March 2015	Completed	Completed	Completed	Completed
2015 September update	June 2016	June 2016	June 2016	September 2015
2016 June	April 2016	May 2016	May/June 2016	June 2016

4.6 ISO27001 Information Security Implementation

An Information Security Management System (ISMS) is continuing under construction. The basic set of required policies, and documents and records have been produced. Essentially these build on existing HCPC processes. Some of these items are confidential, and will not be made public.

An initial Pre-Certification audit (two days) by our third party contractors took place in March, followed by a BSI Stage 1 audit by two auditors at the end of the month. One minor non compliance was determined, concerning the allocation of collecting and reporting

on information security metrics. A remediation plan has been accepted by BSI and actioned. Other lesser importance suggestions were received. These will be implemented over time, if appropriate.

4.7 Business Continuity / Disaster Recovery Planning

An evaluation of electronic Business Continuity Management (BCM) plan delivery methods took place in early July – August 2014. A supplier has been selected. Budget is in place for this option in the current financial year.

4.8 Information & Reporting Activity

Further Data extracts have been produced for a CPD Experience, and other surveys by the Policy and Standards department.

The graph below shows current carton/box numbers within the archive system, (2013 August to March 2015). Registrations storage is being assessed to validate scanned copies before hard copy destruction. There has been a slight increase whilst this is in progress.

A supplier site has been vetted for enhanced information security prior to tests of items being scanned and securely uploaded, for secure browsing by Partners. This test will commence shortly within the registrations department, following a final information security audit by BPI.

Ultimately this trial should lead to a reduction in paper storage requirements over time. A further cull is being planned for the new financial year.

Other items

Information Security Computer Based Training package.

Our supplier has updated content of the selected Information Security Computer Based Training (CBT) package. The voice over script has been finalised prior to recording for roll out to employees, contractors, Council Members and Partners.

4.9 Departmental Matters

The Quality Compliance Auditor has arranged a training course for herself and 11 other colleagues on ISO27001 Internal Auditing. This will take place in early May. This will assist our effort to improve compliance against the standard.

5. Facilities Management Report

5.1 Staffing

There are six permanent employees including the Facilities Manager. Services provided include Reception, Building Maintenance, Post Room, Health & Safety and Building Project Management.

Recruitment of a Receptionist to replace an employee promoted to the Fitness to Practise department has concluded and an offer, subject to references has been made.

Recruitment is also continuing for a Facilities Officer as the last round of interviews did not produce a suitable candidate

5.2 Buildings

Replacement windows to 20 Stannary Street

These have all now been successfully installed.

Window falling from 186 KPR

On 17 April, a window fell from the 2nd floor of the front elevation to 186 Kennington Park Road. No employees or members of the public were injured. The window was boarded over and a replacement is being manufactured.

Investigations have shown that the probable cause was a gust of wind that forced a partially open window back against the hinges. The timber, which was examined and was found to be in a sound condition, snapped which caused the window to fall. A replacement window will be constructed and installed as a matter of urgency.

All other timber framed windows on the Kennington Park Road elevation of 186 Kennington Park Road have been examined and as a precaution, sealed in the closed position. All other windows throughout HCPC's premises have been checked and found to be in a sound condition. A programme of remedial works will be put into place to ensure no windows can be opened more than a few inches, which will mitigate against any further risk of a repeat incident.

405 Kennington Road

Work is progressing to finalise the scope of fit out to these premises, as these works are encompassed within the lease. It is anticipated that HCPC will be able to communicate to the landlord by the end of April our requirements. Once costings have been provided and agreed, we will be able to instruct our solicitors to proceed with the signing and exchange of the lease for the property.
