Committee Appointments

Executive summary and recommendations

Introduction

There is currently a vacancy on the Remunerations Committee which has arisen as a result of the Council decision in March to increase the size of the Remuneration Committee to four members. In addition, there is a vacancy on the Education and Training Committee which was created when Eileen Mullan stepped down.

In accordance with the process for the appointment to Committees, expressions of interest were sought from Council members and they were requested to submit a short statement setting out their suitability for the roles.

The Chair of Council together with the Chair of the Education and Training Committee gave careful consideration to the statements received and were in agreement that Nicola Wood should be recommended for appointment to the Remunerations Committee and Stephen Cohen for appointment to the Education and Training Committee.

As with the other Committee appointments made over the last year, it is recommended that these appointments be reviewed in February 2017 or when any new appointments are made to Council (whichever comes first). This is in order that any new members of Council can be allocated Committee responsibilities at that time.

Decision

Council is invited to agree to the appointment of Nicola Wood onto the Remunerations Committee and Stephen Cohen onto the Education and Training Committee.
