

Education and Training Committee 27 September 2007

Definitive list of approved programmes

Executive Summary and Recommendations

Introduction

The Health Professions Order 2001 in Article 15, paragraph 8 states:

“The Council shall maintain and publish a list of the courses of education and training, qualifications and institutions -

- (a) which are for the time being approved under this Order; or
- (b) which have been approved under this Order but which are no longer so approved together with a record of the periods in respect of which they were approved.”

The current list of approved programmes is an online only record. In the past, the list has not been wholly accurate. The range of errors included:

- inaccurate specification of modes of study;
- inaccurate programme titles;
- no dates of commencement of approval;
- no indicator of closure of programmes;
- missing programmes;
- inaccurate faculty information; and
- inaccurate information on validating and delivery institutions.

The Approvals and Monitoring Department in conjunction with the Communications Department aim, as part of the departmental work plan, to update the online list of approved programmes. The list will provide accurate and relevant information for a wide range of users (e.g. prospective students, registrants, employees, education providers and colleagues in the Registrations department).

The Project

This project is comprised of two phases. The first phase was the completion of the review of all information handed over from predecessor bodies. The review has required cross referencing the records held:

- on Privy Council’s statute lists;
- on CPSM web pages;
- on HPC web pages;

Date	Ver.	Dept/Cmte	Doc Type	Title	Status	Int. Aud.
2007-09-05	b	APV	APV	Definitive List of Approved Programmes	Draft DD: None	Internal RD: None

- in JVC/PRETWG handover reports;
- on the Education – Approvals and Monitoring database; and
- in all HPC Committee papers from the Education and Training Committee, Approvals Committee, Approvals Panels and Education and Training Panels.

The second phase is the development of a new online list with the Communications Department to provide a more user-orientated website. As part of the review of the format of the list it has been decided to no longer provide the name of the relevant faculty as it was not of use to users and proved difficult to keep current. The new webpage from the second phase of the project will provide links to university websites, have a search function and clearly differentiate between programmes currently recruiting and programmes that are no longer recruiting.

The list of approved programmes

The list has now been updated based on the above sources of documentary evidence. Given the known inaccuracy of some of these sources, there is a lack of evidence of first and last commencement and last graduation dates for some programmes. It is also recognised that there may be historical programmes of study that have not been formally evidenced in the above sources.

In instances where applicants to the register hold apparently unapproved programmes a case by case assessment will be implemented. Addition of a historic programme to the list of approved programmes will require documentary evidence of approval to be provided from sources such as the education provider or professional body.

Details of historic prescription only medicine and local anaesthetic courses are still being researched as part of a separate project. As this information becomes available, it will be used to update the final list of approved programmes.

The list has been used to update the existing webpage in the interim before completion of the new online list as part of the second phase of the project. Upon completion of the second phase of the project the list will be transferred to the new webpage.

The definitive list will also be used in a parallel project to withdraw approval from programmes that are now closed.

The lists have been provided in hardcopy solely in order to present to the Education and Training Committee.

Decision

The Committee is requested to note the document. No decision is required.

Appendices

Definitive list of approved programmes

Date of paper

Wednesday 5th September 2007

Appendix 1 - Definitive list of approved programmes

The list is broken into profession specific lists. Under some professions there are two sections. The first section shows programmes that are approved and are recruiting new cohorts. Where appropriate a second section shows the programmes that are approved and are no longer recruiting additional cohorts.

Arts therapy	1
Biomedical science	3
Dietetics	4
Occupational Therapy	6
Operating department practice	9
Orthoptics	10
Paramedics	11
Physiotherapy	12
Podiatry	15
Prosthetics and Orthotics	17
Radiography	19
Speech and language therapy	20
Supplementary prescribing	22
Local anaesthetic	23
Prescription only medicine	24

Arts Therapies - definitive list of approved programmes

ART THERAPY

Institution of Delivery	Mode of Study	Title of Programme	Validating Institution	Date of Commencement for First Cohort	Date of Commencement for Final Cohort	Date of Graduation of Final Cohort
Goldsmiths College University of London	Full Time	MA Art Psychotherapy	Goldsmiths College University of London	01/09/2007	N/A	N/A

In addition, the Committee has approved (in accordance with Article 9.2(1) of the Health Professions Order 2001), for a period of 5 years from the date of the register opening, the Scottish or National Vocational Qualification in Operating Department Practice, Level 3

Note: This is generally a two year programme with the final student intake being 31 October 2002. The majority of students will complete the course in October 2004, however, students granted an extension by the education provider may complete after this date. Evidence of approved extension, by the education provider, is required for registration purposes.

The Committee has approved the following qualifications for a time limited period i.e. for the duration of the grandparenting period (until 17 October 2006):

1. The City and Guilds of London Institute 752 entitled Certificate in Operating Department Assistants (awarded from 1976-1993); and,
2. The Certificate of Assimilation issued prior to 1980 Awarded by the Ancillaries Staffs Council Advanced Letters with the following markers: 4/73 or 3/76
