

# **PENSION FUND**

## **Presentation by Steve Jones of FPS Financial Services Limited**

Mr Jones will appraise the Committee on the pension fund, which has undergone a recent actuarial valuation. He will confirm that in spite of the recent decline in investment values there is no need to seek an increase in contributions from either employees or the employer.

Papers were not available for despatch when the agenda was prepared. These will either be despatched direct to members by FPS or tabled at the meeting.
