total of 36 partners have indicated that they do not wish to be re-appointed to their partner roles. All partners that are successfully reappointed, will all be sent a new and updated partner agreement.

A total of 40 Visitors, 24 Panel Members, and 17 Registration Assessors were not reappointed. This now leaves a total of 619 partners across all of the partner roles. All of the reappointed partners were sent updated partner agreements in the middle of August 2006. A number of partner agreements have already been returned.

The reappointments process will be repeated next year as the HPC is still oversubscribed with partners.

### **Partner Conference**

All Partners have received notification of the 2006 conference dates and have been advised that official invitations will be sent in September (once the re-appointments process has been completed). The Health Minister for Scotland has been contacted and has agreed to speak as a keynote speaker at the partner conference.

The second key note speaker is Julia Stone from the CHRE.

Each department that is taking part in the conference has been asked to submit a brief outline of their break out session. This information will be placed on partners' conference invitations.
